

DAVID GODINEZ

Montebello, CA 90640 | dgodinez24@berkeley.edu

PROFESSIONAL SUMMARY

Public-sector professional with experience in municipal payroll, timekeeping, finance, and HCM implementation. Currently support school districts with the configuration, testing, documentation, and troubleshooting of HR and payroll functions in CGI Advantage HCM. Familiar with personnel, benefits, retirement, position management, salary schedules, pay policies, and work calendars through systems implementation work.

PROFESSIONAL EXPERIENCE

Los Angeles County Office of Education, Technology Services | Downey, CA

Human Capital Management Specialist

Apr 2026 - Present

Administrative Specialist Classification

- Support implementation of payroll, personnel, position management, employee benefits, retirement reporting, and work-calendar functions for Los Angeles County school districts using CGI Advantage HCM.
- Review configuration requests, research payroll and personnel discrepancies, and coordinate solutions with district HR/payroll staff and ERP implementation engineers.
- Configure and validate benefits, CalPERS, CalSTRS, salary schedules, payroll classes, pay policies, work calendars, organizational structures, and position records.
- Use knowledge of HR and payroll processes to translate district requirements into system configurations and explain system behavior to functional users.
- Use Excel and Oracle SQL to research data, identify discrepancies, test configuration changes, and prepare procedures and supporting documentation.

City of Montebello, Transit Department | Montebello, CA

Finance Technician

Jan 2026 - Apr 2026

- Processed biweekly payroll and timekeeping records for approximately 130 employees, including regular hours, overtime, leave usage, and schedule adjustments.
- Resolved discrepancies across Optibus, TimeClock Plus, and Tyler New World under strict payroll deadlines.
- Reviewed records for compliance with City policies and labor agreements and coordinated corrections with employees, supervisors, Human Resources, and payroll staff.

Panda Express | Rosemead, CA

Business Analyst

May 2025 - Jan 2026

- Analyzed operational and financial data in Excel, identified trends and exceptions, and prepared recurring reports to support management decisions.
- Gathered business requirements, documented workflows, and coordinated with cross-functional teams to improve reporting accuracy and operational processes.

City of Manhattan Beach, Finance Department | Manhattan Beach, CA

Office Assistant | Temporary Assignment

Jan 2025 - May 2025

- Processed vendor invoices and employee travel requests in Tyler Munis, reviewing documentation for accuracy, approvals, and compliance with City procedures.
- Performed daily bank and cash reconciliations, researched discrepancies, responded to vendor inquiries, and maintained organized financial records.

Capital One | Los Angeles, CA

Junior Data Analyst

Oct 2022 - Nov 2024

- Analyzed customer and operational data using SQL, Excel, and Tableau to identify service trends and support business decisions.
- Project-managed a QR-code feedback system generating more than 1,000 monthly client reviews in coordination with developers and business partners.

EDUCATION

University of California, Berkeley | Bachelor of Arts, Legal Studies
